

2018 Growers Addendum & Flower Addendum

- Growers who bring in produce from a wholesaler to re-sell at the Farmers Market Annex are required to obtain the proper Seasonal Food Permit from the City of Minneapolis before they will be allowed to sell again at our market.
- Growers agree to price their produce in a fair manner consistent with the rest of the market, e.g. if everyone is selling vegetable trays for \$3, 2 for \$5, **a grower shall not undercut pricing** by offering them for less or for a “Buy X Get X Free” deal.

- Flower sellers are limited at the market and there is an additional charge to sell flowers here since they directly compete with Market Flowers. No grower may bring in flowers without a prior contract agreement.
- Flowers shall also be priced in a fair and consistent manner with the rest of the market, and the flower sellers have agreed to sell bouquets at the following prices **JULY 14, 2018 THROUGH SEPTEMBER 16, 2018:**
 - Saturday ~ \$8/bouquet
 - Sunday ~ you can choose the price

I, the undersigned, understand that ***all produce I bring to sell at the Farmers Market Annex must be from my own farm or garden, or rented property***, and that at no time am I allowed to buy produce to bring to the Farmers Market Annex to re-sell without prior permission and the proper licensing from the City of Minneapolis. ***I agree to keep my prices consistent with the rest of the market, and I agree that I may not sell flowers without prior contractual approval.***
