

We Open This Weekend

The wait is over! The farmers market reopens THIS WEEKEND! Yes, this Saturday and Sunday, from 7am-1pm, you can come down to the Farmers Market Annex and find more than a lonely giant chicken.

You will find a lot full of vendors of all kinds; concessions, jewelry, clothing, home goods, arts & crafts, packaged foods, and much more! There's even some hydroponic produce here! And, dare we say the weather is looking cool, but dry and pleasant this weekend (yea, we know, it could snow or we could break 100, they don't know).

You know you're looking for COVID safe, outdoor things to do. Well, here we are! Come get a bite to eat and wander the market and see what all we have to offer this season. We have many, many returning vendors from last year, several new vendors, and several vendors returning after taking last season off. You won't find a mix of small businesses like this anywhere else in the Twin Cities. This is just one reason we're a Next Generation Farmers Market.

So come join us this weekend, or next weekend, or any weekend this season. We'll be open every Saturday and Sunday, 7am-1pm, now till October 31, rain or shine!

See you at the market!

Vendors New and Old

We have an amazing list of vendors again this season at the market. Most of our vendors from last season are returning, some with larger booths! We have several new vendors joining the market this season too, including St. Croix River Beef, Lip Esteem Shire Farms, Harmony Cricket Farm, and Poppy Togs and Clogs. We'll talk more about them over on social media the first week or so of the market.

We also have many returning vendors this season! Some vendors chose to take last season off due to the pandemic, but are coming back this year, and we are happy to welcome them back! Go Crepes, Greenhearts, Tasty Gyros, Wagz & Purz, Miss Papaya, T Boutique, Norwex, and more are back!

Combine last years vendors, new vendors, and returning vendors, and that's an amazing array of art, crafts, soaps, goods, clothes, jewelry, food, eats, and, of course, produce, here at the market.

Thank you for choosing to be a part of the Farmers Market Annex and supporting small, family businesses!

Still COVID Safe

If you haven't heard, COVID is still a thing. Thus, again this season we will be taking extra steps to ensure our market is a clean and safe environment for our customers, our vendors, and our staff.

- When you visit the market, please wear a mask and keep a safe distance from those not in your bubble.
- Please sanitize or wash hands regularly, especially after eating some deliciousness at the market.
- Hand sanitization stations will once again be set up though out the market.
- Our staff will be cleaning tables and benches though out the day.

We ask everyone to please respect these rules and respect others regarding these COVID issues. We had a great farmers market last season, despite 2020, and look forward to an even better, hopefully more normal, market year this year!
